

CITY OF NILES

DEPARTMENT OF PUBLIC WORKS

PERMIT TO PLACE COMMERCIAL REFUSE CONTAINER WITHIN STREET RIGHT-OF-WAY

I, the undersigned applicant, am requesting permission to temporarily place a refuse container in the street right-of-way and agree to the following terms:

- 1) Container must not extend beyond 8' from the edge of pavement or curb;
2) Container shall be clearly marked with reflective caution tape for night visibility or other means to warn motorists of its location;
3) Area around container shall be kept clean at all times;
4) Permit holder accepts liability for all accidents, damages, or injuries caused by placement of the container;
5) Any damages to street pavement due to the placement of the container shall be repaired by applicant with the repair work approved by the City;
6) Permit holder must show satisfactory progress for completing all work and have the container removed as soon as possible once work is completed;
7) If prior to the expiration date of permit the applicant fails to follow the above rules, the City may order the container removed immediately and void this permit.
